Proof of Protection against Measles

The Measles Protection Act has been in force since March 2020. This means for you: If you want to go to our daycare center you will need a proof of protection against measles. You **only need to show** the proof to the daycare management and not hand it in.

Who has to verify his proof of protection against measles?

- Persons who work in the daycare center,
- children who visit the daycare center,
- parents who visit the daycare center for several minutes for more than three days,
- other persons who visit the daycare center for several minutes for more than three days. This applies, for example, to volunteers, escorts during the settling-in period, reading mentors and craftsmen.

You don't have to prove protection against measles:

- if you are born **before** 1971
- or in case you bring or pick up your child.
